- 1-888-909-4628 (24/7)
- PO Box 1100, Everett, WA, 98206-1100

**Message Center**

Residential electric rates include a BPA Federal Columbia River Benefits Credit of \$.00218 per kWh.

Your current Net Metering Reserve balance is 1,823.94 KWH.

Bill details continued on back ▶

The Net Metering Reserve balance is listed in the Message Center box. Per Washington RCW 80.60.030, on March 31 of each calendar year, any remaining unused credits for kilowatt-hours (KWH) accumulated during the previous year shall be granted to the electric utility, without any compensation to the customer-generator. The Net Metering Reserve balance is listed in KWHs. To calculate going from dollars to KWHs, take the dollar amount shown to be deposited to the reserve and divide by price per KWH.

## BILL BACK:

**Service Address: 1234 W SOLAR WAY EVERETT**

Electric Metered Service

Meter Number	Previous Read	Current Read	Multiplier	Energy Usage
1000000000 KWH REN	48239	48443	1.0	(204) KWH REN
1000000000 KWH	64938	65508	1.0	570 KWH
KWH NET	34034	34181	1.0	(147) KWH NET

**KWH REN:** The energy your solar system produced. PUD no longer sets production meters on new installations. New installations will not have KWH REN on their bill.

Residential Service SCHED-07 Service Dates: 11/10/22 - 12/9/22 30 Days

Base Charge (Medium): 30 Days @ \$.10 Per Day .....\$3.00  
Energy Charge: 570 KWH @ \$.10252 Per KWH .....\$58.44  
Less: Net Metering Credit 147 KWH @ \$.10252 Per KWH .....\$15.07 CR  
Net Metering Credit from Reserve applied to this invoice .....\$30.47 CR  
Municipal Tax (6%).....\$0.95

**Current Charges .....\$16.85**

**KWH:** Charges for the energy purchased from the grid.

**KWH NET:** Total value of the electricity fed back to the PUD grid.

**Optional Services Service**

Project PRIDE SCHED-07 Service Dates: 11/10/22 - 12/9/22 30 Days

Project PRIDE Charge: 5 Units @ \$1.00 Per Month .....\$5.00

**Current Charges .....\$5.00**

**Net Metering Reserve:** The portion of the NET Metering Balance applied to this billing period to your bill FROM Net Metering Reserve.

\*PUD electric rates include a state public utility tax at 3.8734% - approximately \$0.62 on this bill.

**PLEASE NOTE:** There is a required minimum charge of \$.53 per day. The Net Metering Credit cannot reduce your energy charge below this required minimum.

## Applying Net Metering Credit:

- Minimum charge for this billing period = 30 days x \$0.53 per day = \$15.90
- Current energy charges \$3.00 + \$58.44 = \$61.44
- Net metering credits cannot offset minimum charges. \$61.44 – \$15.90 = \$45.54 eligible to be covered by net metering credits.
- Net metering credits earned this billing period are \$15.07 and are applied to this month's charges leaving \$30.47 still eligible to be covered by Net Metering credits. (\$45.54 – \$15.07 = \$30.47)
- The previous bill had 2,121.15 KWHs in the reserve. 297.21 KWHs were pulled from the reserve to credit this invoice. (297.21 KWH x \$0.10252 = \$30.47)
- The reserve balance is now 1,823.94 KWHs. (2,121.15 – 297.21 = 1,823.94)

Other charges such as municipal taxes, Project PRIDE contributions (listed on this sample bill), water, lighting charges, or energy consumption on a separate meter (not shown on the sample bill) could add to your total utility charges.

If your KWH minus your net metering credit would offset your electric charges below the minimum charge, the excess net metering credit will be applied to the net metering reserve. This credit will be available to offset future invoices until March 31 – just as it did on this sample (see #4 above).
